

MICHAEL GRINDER MARCH 2015 TOUR

2 Day Perth Event

Michael Grinder has agreed he will come to Australia next March to run another program in Perth!

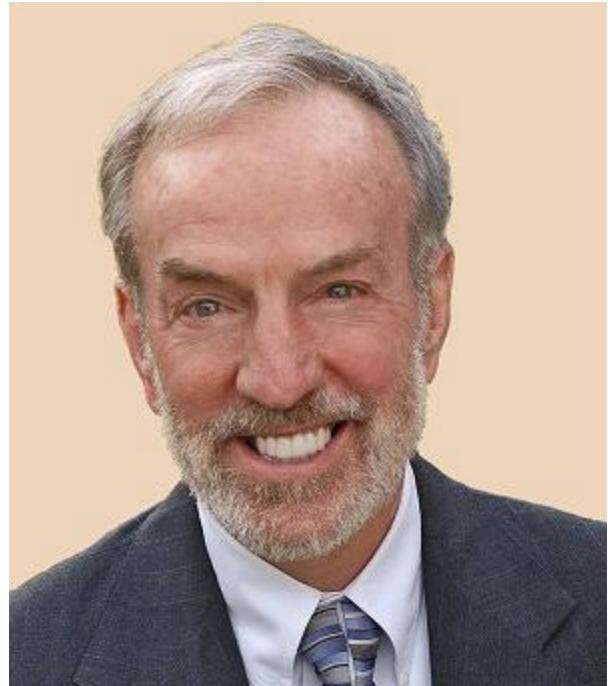

In 2015, Michael will run his most popular 2 day Group Dynamics workshop.

Many of those who attended the Perception Camp last year asked for more from this leading expert in non-verbal communication.

Group Dynamics gets to the heart of how to instantly become more credible, confident and persuasive when leading a group or being led.

By attending you will gain increased skills needed to inspire others into action and enhance your group mastery.

This interactive program will equip managers, leaders, speakers and trainers with the knowledge needed to truly influence others and understand patterns within groups.
